

WHY DO ORACLE RECRUITERS NEED AN AI-POWERED RESUME PARSER?

Recruitment in the present day and age is challenging. It's increasing with sparser teams and budgets, but with the exact hiring expectations.

DESPITE MILLIONS OF JOB OPENINGS, EMPLOYERS ALL AROUND ARE STRUGGLING TO MAKE THE PERFECT HIRES

MAJOR CHALLENGES ORACLE RECRUITERS FACE

HOW A MULTILINGUAL RESUME PARSER FOR ORACLE RECRUITING BRINGS A CONSTRUCTIVE CHANGE IN HIRING APPROACH?

ENCOURAGE UNBIASED HIRING

Help recruiters select talented candidates. Allow data-driven hiring that equates to blind resume screening. **The intelligent solution helps enable/disable the fields enhancing the quality of selection criteria.**

IMPROVE POSITIVE CANDIDATE EXPERIENCE

Enable the candidates upload their resume on the website's career page & apply to the **job in a single click**. The parsing solution makes the candidate's experience brilliant and decreases the candidate drop-off rate.

FACILITATE IN BUILDING A GLOBAL TEAM

The multilingual resume parser (as the name suggests) can screen resumes in multiple languages to help companies build a diversely global team. Recruiters can easily screen resumes in languages like **English, French, German, Polish, Spanish, Turkish, Portuguese, Italian, Dutch, Japanese, Russian, Hebrew, Romanian, Thai, and more.**

Re-define your hiring strategies and make them effortless with automated parsing solution!
