3 Remarkable Benefits eClerx Experienced by Using RChilli

1 Accelerate time-to-hire by up to **50%**

2 Reduce manual resume data entry by up to **70%**

3 Enlarge the skilled talent pool by up to **85%**

Kicking Off Automation with RChilli for Seamless Recruitment

eClerx aimed to streamline its hiring process by quickly and efficiently reviewing candidates' resumes. The traditional method of manually entering each resume into their system was time-consuming and labor-intensive, causing significant delays and resource allocation issues.

To overcome this challenge, eClerx sought an automated solution for resume processing. They needed a tool to automatically parse resumes and store them in a centralized database with minimal manual intervention.

This automation would save time and effort and enhance the accuracy and efficiency of their recruitment process, allowing the HR team to focus on more strategic tasks and improve over-all hiring outcomes.
